

Tagan Icy Box NAS4220 NAS Enclosure

Over the past few years we have looked at several Tagan power supplies such as the Tagan Icy Box IB-PS4220-B. However, their product selection is no longer limited to power supplies and their cases as well as a growing selection of storage devices. These storage products consists of 2.5" and 3.5" hard drive enclosures as well as NAS (Network Attached Storage) products is the Tagan Icy Box IB-NAS4220-B, which is a two-drive SATA NAS enclosure. What makes this device more interesting to us is that it runs Linux and Tagan is manufacturing the unit and write their own software.
